

Dear Child's Dream Supporters and Doners,

18.06.2023

since the completion of our Saysa Morn School in Cambodia at the end of 2018 and the related follow-up projects (playground, outdoor area, schoolbooks and shelves), we have continued to save, bringing our current balance in our *Child's Dream* account to just under 25,000 Euros!

On behalf of *Child's Dream*, I would like to thank you once again for your loyalty and your trust in the work of Child's Dream! Your loyalty, the review of what has already been achieved and the vision for further projects touch me very much due to the "story of origin" told in detail elsewhere and spur me on to continue.

After more than three years of absence due to Corona, I visited the *Child's Dream* headquarters in Chiang Mai last week and learned that they not only survived the pandemic unscathed, but that the Foundation has even grown. A total of 70 permanent employees are now taking care of the projects in Thailand, Cambodia, Laos and, despite the unrest in Myanmar, also there. The Cambodia *CD* team alone, which also looks after our school from its base in Siam Reap, has now grown to 18 permanent employees.

The main reason for my *Child's Dream* attempt was the promise made in the last newsletter (12/2022) to start the next project soon due to our happy bank balance.

Based on the mission defined by *Child's Dream* "Better health and education for sustainable development", projects in health care and education are financed in addition to the construction of schools. In these areas we would like to use our saved capital, after consultation with *Child's Dream*, in a meaningful way. According to the financing needs, it is planned to invest in two or three different education and training programs.

- 1.) Three-year High School Scholarship Program in Cambodia. In the course of this, the student will receive a full scholarship as well as soft skill training for their personal and professional development over the course of their three-year career.
- 2.) Nurse Aid Scholarship Program in Thailand. *Child's Dream* is currently still in the pilot phase.
- 3.) University scholarship program in Cambodia.

I will share the final decision with you in the 12/2023 newsletter with specific details of the projects we have selected, and we will funded.

Since, from my own childhood experience, the fulfillment of one child's dream is followed by the next child's dream, I would be very happy if we continue to save.

The following link leads to different ways to donate and to more information about the "Querweltein Unterwegs-donation account" managed by *Child's Dream*.

[Yes, I would like to donate ...](#)

... for the continuation of our common childhood dream. Accompanied by a quote from the French poet Charles Baudelaire (1821-1867): "*The deed is the sister of the dream*".

Together we can make a difference.
